

Dear Brother Dong and Brothers Serving in Brazil,

We recently learned that brother Bruno Frossard has moved from Brazil to Toluca, Mexico State, Mexico for his job. For the sake of avoiding any confusion in the work we have been carrying out there over the past several years, we felt that we should have fellowship with you about the situation in Toluca. We are pleased to inform you that the church in Tlalnepantla, a city adjacent to Mexico City has been laboring there for some years and has conducted three conferences recently with over 20 local saints and seeking ones attending.

Of course, as our brother in Christ, Brother Bruno is welcome to join the meeting of the saints. For the sake of avoiding confusion and division we ask you as those with whom he has fellowship to ask him not to start a separate meeting in Toluca. For the sake of the Lord's testimony of His one Body and one work, we ask you to please not send any workers to this city, or for that matter, any city in Mexico, in an independent and isolated way.

In Mexico we have paid a great price to labor together in a blended, coordinated way in everything we are doing, such as the literature work, the radio work, the full-time training, the many short-term trainings, Rema Media de Mexico, Rhema, the campus work, and the expansion of the Lord's testimony to the rest of Mexico, etc. We would surely feel very uncomfortable and unpleasant if any workers are sent here to work who do not regard or treasure this fellowship and this coordination. Our unique goal is to build up the unique Body of Christ in the fellowship of all of the Lord's co-workers and in the harmony of the entire Body.

Having used one publication material during these past many years, that of the Living Stream Ministry, and having found this material to be solid and adequate to feed the saints and build up the churches, we would like to make it clear that we ask you to not distribute any other materials here in Mexico. Of course, this request is not new; this is what was agreed upon together with you in the coworkers' fellowship in Anaheim in 1997 when we met together with you and Peter, regarding the use of publications from Brazil in places such as Mexico. We should not limit you in doing what you want to do in Brazil but it is wiser for us all not to have more than one publication on the whole earth so that confusion will not be created among the saints seeking the truth in the Lord's recovery for the building up of the unique Body of Christ.

The co-workers laboring in Mexico and the leading ones of the church in Tlalnapantla.
